## Education

**Full Stack Web Development**  
Masai School  
November 2022 - July 2023  
**Higher Secondary School**  
Municipal Collage  
May 2019 - July 2021

## Technical Skills

Django Angular Python  
React Express.js MongoDB  
RESTful APIs CSS3 JavaScript  
Prompt Engineer AWS Node.js  
Git HTML5  
Responsive Web Design

## Soft Skills

Problem Solving Adaptability  
Time Management  
Effective Communication  
Attention To Detail Teamwork

## Certifications

**Prompt Engineering**   
Masai School  
**Problem Solving**   
HackerRank

# Sandeep Gupta

Node JS Developer

## Professional Summary

Dedicated Full Stack Web Developer with a relentless commitment to crafting high performance web solutions across the entire stack. Eager to thrive within an innovative ecosystem that fosters personal and professional advancement, leveraging my expertise and insights for mutual success.

## Projects

**Bookish Treasure** [Live Demo Link](#) [Github Repo Link](#)

React JavaScript Node.js Express.js MongoDB  
CSS HTML5 JWT

- Developed a full-stack book store application using React, Redux, Node.js, Express.js, and MongoDB.
- Implemented features such as book exploration, search functionality, categories, user cart, order placement, and user authentication.
- Utilized React to create a dynamic and responsive user interface.
- Integrated Redux for state management and improved performance.
- Designed and implemented RESTful APIs for seamless integration with the frontend components.
- Utilized MongoDB for efficient data storage and retrieval.
- Ensured code quality and scalability by following software development principles and best practices.

**Health Connect +** [Live Demo Link](#) [Github Repo Link](#)

JavaScript React Redux Node.js Express.js  
RESTful APIs MySQL AWS JWT

- Developed a doctor appointment website using React, Redux, MySQL, AWS, Express.js, and MongoDB
- Implemented features like authentication, API validation, responsive design, and different interfaces for doctors and patients
- Handled the home page development
- Contributed to the Home Page & Appointment Page
- Worked on a team project with a team size of 5

**Edu-Framer** [Live Demo Link](#) [Github Repo Link](#)

JavaScript Git Node.js Express.js MongoDB  
RESTful APIs MySQL Angular

- Developed a comprehensive EduTech platform using Node.js, Express.js, and MongoDB.
- Implemented user enrollment and course management functionalities including user authentication and authorization using RESTful APIs.
- Optimized database queries and server configurations to ensure high performance and scalability of the platform.
