 Portfolio

 sandeepguptax2003

 sandeep-gupta-a1b679263

Education

Full Stack Web Development
Masai School - Bangalore
November 2022 - July 2023

+2 Senior Secondary
Municipal Collage - Rourkela
May 2019 - July 2021

Technical Skills

JavaScript   Prompt Engineer

Node.js   MongoDB   Git

HTML5   CSS3   React

Redux   Github   RESTful APIs

Responsive Web Design

Angular   Python   Django

MySql   AWS

Soft Skills

Teamwork   Problem Solving

Time Management   Adaptability

Effective Communication

Sandeep Gupta

Node JS Developer

Professional Summary

Dedicated Full Stack Web Developer with a relentless commitment to crafting high-performance web solutions across the entire stack. Eager to thrive within an innovative ecosystem that fosters personal and professional advancement, leveraging my expertise and insights for mutual success.

Projects

Bookish Treasure   [Live Demo Link]   [Github Repo Link]

React   HTML   Nodejs   Redux   JWT   CSS
Express   MongoDB

- Built a full-stack book store application using React, Redux, Node.js, and MongoDB
- Implemented features like book exploration, search functionality, user cart, order placement, and user authentication
- Collaborated with a team to develop and maintain the application
- Technologies used: *React, Redux, Node.js, Express.js, MongoDB*

Health Connect +   [Live Demo Link]   [Github Repo Link]

React   Redux   MySql   AWS   Express
MongoDB   Nodejs   JWT

- Developed a doctor appointment website using React, Redux, MySQL, AWS, Express, and MongoDB
- Implemented features like authentication, API validation, responsive design, and different interfaces for doctors and patients
- Handled the home page development
- Technologies used: *React, Redux, MySQL, AWS, Express, MongoDB*

EDU-FRAMER   [Live Demo Link]   [Github Repo Link]

Angular   Nodejs   MySQL

- Developed a comprehensive EduTech platform using Angular, Node.js, and MySQL.
- Implemented features like course enrollment, assignments, sign up, and sign in.
- Took ownership of the entire project, working independently to ensure its success.
- Utilized my strong proficiency in JavaScript and experience with Node.js to build a reliable backend solution.
- Collaborated with frontend developers, product managers, and designers to understand project requirements and deliver efficient server-side applications.
